

SCENES-N-NATURE®

VELVET BASE™ NF6103

INSTRUCTIONS

Use Velvet Base™ primer to mask the bone color of antlers and replicate the animal's natural skin beneath its velvet. Brush on, or airbrush, a coat of Velvet Base directly on the antlers. Let dry completely before applying Fiber-Tac® (NF6102) and Velvet Kit (NF6140-NF6143) Velvet Fibers. To airbrush, dilute with approximately 20% water. **IMPORTANT:** A coat of Velvet Base primer ensures Fiber-Tac will adhere to the antler.
